

# CHANGE OF PLANS.

Aguineldo's Erratic Movements a Source of Much Speculation.

## HIS TEMPORARY ADVANTAGE.

The Insurgents Have Gained a Strategic Position in the Northern End of the Island—Bridges and Railroads to be Repaired Rapidly—Amigos Suspected of Treachery.

NEW YORK, Nov. 22.—A dispatch to the Herald from Manila says: The opinion of many military men and of resident foreigners is that Aguineldo has probably escaped by changing the seat of war into the northern part of the island. They think he has taken a considerable army with him. This, if true, will necessitate a new series of operations on our part and Aguineldo has gained a temporary strategic advantage. Those holding this view point out the fact that the insurgents never intended to hold the alleged capital at Tarlac as a permanent capital, as it is only slightly fortified. They also claim that the railroad being left intact while much rolling stock was destroyed, indicates that a rapid retreat was made several weeks back.

This retreat must have been accomplished at the time Lawton began his San Isidro movement. Therefore the insurgents have had time to move out their principal supplies. It is a fact that our circle of troops has been closed up so far without material resistance except in the region of escape to the north, near Wheaton's column. The captured supplies, too, have proved insignificant, compared with those that would be required. Aguineldo's supposed army in this valley was estimated at from 10,000 to 20,000. Their known large quantities of artillery are still unaccounted for.

### Generals Differ in Views.

The opinions of General Otis and General Schwan differ somewhat from this view. They say to-day that they do not know whether or not Aguineldo has escaped with his army to the tobacco valley to the north. If so they doubt whether he has escaped with any considerable force. They believe that Aguineldo himself has gone. They also believe that a considerable number of insurgent force is scattered in small bands within our lines as amigos.

General Otis says that the railroad repairs will be rushed. New rails will be laid and the bridges raised. The railroad will be operated throughout in a short time. The opinion here is that we have gained a tremendous advantage over the insurgents. It is impossible to say how large a force Aguineldo has been able to hold together, or, whether after the loss of the railroad, people in the north will still support him.

This whole movement has shown the advantage of cavalry for expeditious operations in the Philippines. The fall campaign has been remarkably vigorous.

It is believed here that Aguineldo's retreat to the north in no way affects the confronting insurgent force south of Manila.

### GEN. OTIS' MESSAGE.

War Department Advises as to Condition and Location of Troops.

WASHINGTON, D. C., Nov. 22.—Gen. Otis to-day cabled the war department as follows:

"MANILA, Nov. 22.

"Dispatch 21st from Lawton at Tayog reports Young with cavalry and Macabebe scouts at Aringay with advance north to Buang Rear San Fernando about to move on trail east to Trinidad. Young reports considerable insurgent force moving in that direction; that Aguineldo in charge seeking to cross over to Bayombong. Portion of Lawton's troops now being pushed through to Tayog with batteries. Battalion Twenty-fourth will join Lawton to-morrow. Nothing from Wheaton for several days. MacArthur operating west of railroad and north of Tarlac. Wire from Tarlac north not working; troops on entire railroad line rationed without difficulty.

"Hollo reports seven companies Sixth and Twenty-sixth volunteers, under Dickman, struck insurgents northeast Jaro; casualties, six killed. Enemy left on field, eighteen killed. Dickman captured seven prisoners, four one-pound brass field pieces, several thousand rounds ammunition. Eighteenth Infantry yesterday drove insurgents north on Santa Barbara. Hughes with column north and west of Santa Barbara; reports of results not yet received."

The dispatch from General Otis does not yet make it appear that efforts to capture Aguineldo and the larger portion of his army will be successful. The intention of General Young to prevent Aguineldo reaching Bayombong seems evident, but this seems scarcely probable now. Some errors have been made in the transmission of the dispatch. Bayombong is evidently meant instead of Buangbong. The town given as Tarlac is probably Tarlac, as the situation of MacArthur would indicate that he is operating not far from that place. No alarm is felt regarding the situation of General Wheaton, as he has been for some time beyond telegraphic communication.

Operations are also progressing in the islands south of Luzon, as the last portion of the dispatch indicates.

### Had a Peep at Aguineldo.

MANILA, Nov. 22, 12:55 p. m.—General Young reports that Aguineldo with a party of two hundred including some women and a few carts, passed Aringay on the coast between San Fabian and San Fernando, in the province of Union, on Friday, November 17. The general adds that Aguineldo probably intended to strike inland through the Binaua mountains towards Bayombong, in the province of Nueva Vizcaya. General Young with cavalry and macabebes is pursuing the Filipino leader, part of the American force taking the direction of San Fernando. In a fight with Aguineldo's rear guard at

Aringay one Macabebe was wounded and the insurgents retreated. Their loss is unknown.

### TROOP TROUBLE IN TEXAS.

War Department Officials Size It Up As a Drunken Border Row.

WASHINGTON, D. C., Nov. 22.—The war department received the following telegram later in the day:

"AUSTIN, Texas, Nov. 22.

Secretary War, Washington.

"Telegram received. Have just received telegram from sheriff, who says he has had a conference with commanding officer at Ringgold and that everything is quiet. He is quite certain that there will be no further trouble. (Signed.) 'JOSEPH B. SAYERS, 'Governor of Texas.'"

WASHINGTON, D. C., Nov. 22.—At the war department it is stated that the information received from the department of Texas is to the effect that trouble at Fort Ringgold is nothing more than a drunken border row and the belief is expressed that it has been exaggerated as to its proportions. The secretary of war has sent a dispatch to Governor Sayers in reply to the demand for the removal of the troops, saying that the department had already taken measures to preserve the peace and restore order. It is not now the present intention of the war department to remove the troops from Ringgold, as it is believed the difficulties can be corrected without any such action. It is quite likely that some more experienced officer will be sent to command at Ringgold.

### MAJ. VOLKMAR'S RETIREMENT.

Plenty of Material to Fill the Desirable Vacancy.

NEW YORK, Nov. 22.—A special to the Tribune from Washington says: Major W. J. Volkmar, assistant adjutant general, has applied for retirement, thereby creating one of the most desirable vacancies that has occurred in the staff of the army for a long time.

The eagerness with which appointments to the adjutant general's corps are sought is realized when it is stated that over two hundred applications had been filed for Volkmar's vacancy before it became generally known. In the army that any retirement was about due. These applications came not only from captains of the line, but from majors who could expect no immediate advancement of rank under the existing organization. It is the general conviction in the service, however, that the adjutant general's department is soon to be expanded when the promotion of officers who are already in the corps will be rapid and their influence increased. Most officers in fact, are beginning to look on entrance to this corps as their personal salvation.

Major Volkmar is now attached to the headquarters of the department of the lakes at Chicago.

### IMPORTANT RULING.

White and Black Children Not Permitted to Attend Same School.

NEW YORK, Nov. 22.—The appellate division of the supreme court in Brooklyn has denied the appeal of Elizabeth Cisco, colored, in refusing a peremptory writ of mandamus to compel the school board of Queensborough to admit her children to the public school on Breen avenue, Jamaica, and make no distinction on account of color.

Mrs. Cisco claimed the right to have her children accepted as pupils in the school in question for colored children. Justice Goodrich, writing the opinion for the appellate division, says that the provision of the constitution, which provides that equal school facilities shall be furnished to all children cannot be held to mean that the white children and black children must be permitted to attend the same school. As to the question of the excellence of the instruction in the school for colored children in comparison with the schools for white children, Justice Goodrich does not find that there is any difference.

### Hatfield Granted an Extension.

Special Correspondence of Intelligence.

CHARLESTON, W. Va., Nov. 22.—

An extension was granted yesterday by the governor to Elias Hatfield, who is now in jail pending the result of an appeal which will be made by his attorneys to the supreme court. Hatfield was convicted of the murder of Doc Ellis and sentenced to confinement in the penitentiary for twelve

years.

### Doctors Can't Cure It!

Contagious blood poison is absolutely beyond the skill of the doctors. They may dose a patient for years on their mercurial and potash remedies, but he will never be rid of the disease; on the other hand, his condition will grow steadily worse. S. S. S. is the only cure for this terrible affliction, because it is the only remedy which goes direct to the cause of the disease and forces it from the system.

I was afflicted with Blood Poison, and the best doctors did me no good, though I took their treatment faithfully. In fact, I seemed to get worse all the while. I took almost every so-called blood remedy, but they did not seem to reach the disease, and had no effect whatever. I was disheartened, for it seemed that I would never be cured. At the advice of a friend I tried S. S. S., and began to improve. I continued the medicine, and it cured me completely. My blood is now healthy and my appetite. Although this was ten years ago, I have never yet had a sign of the disease returning.

W. H. HARRISON, Staunton, Va.

It is like self-destruction to continue to take potash and mercury; besides totally destroying the digestion, they dry up the marrow in the bones, producing a stiffness and swelling of the joints, causing the hair to fall out, and completely wrecking the system. S. S. S. is the only blood remedy free from these dangerous minerals. It is guaranteed.
